## SUBSIDIARY MATERIALS

PERMANENT MAKE-UP

### 01 Dr. Drawing Color Eraser

닥터드루잉 컬러 이레이저

Dr. Drawing Color Eraser minimizes skin irritation by using hypo-allergenic ingredients. It removes pigments from the treated area by pushing the color pigments out of the skin

**Usage :** Removal or correction of mistreated pigments  
**Main ingredients :** Polyglyceryl-4 Caprate, Glycerin, Propanediol  
**Content :** 30ml / 1.01 fl.oz  
**Directions for use :** Put a small amount of the eraser fluid in a pigment cup and inject it into the machine to remove the pigment in the same way as the original semi-permanent makeup

### 03 Dr. Drawing Peeling Gel

닥터드루잉 브라이트닝 필링겔

This product exfoliates the skin before a procedure in order to improve the result of the procedure. It also helps to moisturize and whiten the treatment area.

**Usage :** Exfoliation of skin before treatment  
**Main ingredients :** Cellulose, Arginine, Aloe Barbadosis Leaf Extract, Centella Asiatica Extract  
**Content :** 80ml / 2.7fl.oz  
**Directions for use :** Apply on skin and slowly massage for 2-3 minutes to exfoliate the skin thoroughly.

### 02 Dr. Drawing Color Booster

닥터드루잉 컬러부스터(색소강화제)

Dr. Drawing Color Booster separates color pigment particles one by one and boosts pigmentation and coloration by twice as much. It also moisturizes skin in the treated area.

**Usage :** Boosting pigmentation and coloration, and adjusting viscosity of pigment  
**Main ingredients :** Butylene glycol, 2-METHYL-1,3-Propanediol, Centella Asiatica Extract  
**Content :** 30ml / 1.01 fl.oz  
**Directions for use :** Put color pigment in a pigment cup and add 1 to 2 drops of the booster fluid and mix well before use.

### 04 Dr. Drawing Cleansing Gel

닥터드루잉 피그먼트 클렌징 겔

This product is more efficient to use because it has higher viscosity than existing cleansing gels and by using small amount of the gel can remove any pigment left in the desired area.

**Usage :** Cleansing pigment on skin after treatment  
**Main ingredients :** Petrolatum, Mineral Oil  
**Content :** 80ml / 2.7fl.oz  
**Directions for use :** Apply small amount of the gel on desired area and gently rub into to remove the pigment and wipe off with a tissue.

**05** Dr. Repair Vitality Cream  
닥터리퍼어 바이탈리티 크림

This is a post-procedure care cream which helps revitalizing and moisturizing of the skin and protects the skin from any external stimuli

**Usage :** Post-procedure care cream (revitalizing cream)  
**Main Ingredient :** CentellaAsiatica, Shea Butter, GanodermaLucidum, Cnidium Rhizome  
**Content :** 0.8g x 100 pouches  
**Directions for use :** Use after semi-permanent or MTS procedure. Use in the morning and night to keep the skin moisturized.

**07** Dr. Drawing Microblading Pen  
닥터드로잉 멀티 영보펜

This pen can be used with various types of needles. It firmly holds the needle in place so that the needle does not wobble during procedure

**Usage :** Needle/blade holder pen for Microblading  
**Weight :** 36g (1.27oz)  
**Material :** Stainless steel  
**Directions for use :** Assemble the needle/blade on the pen before use.

**06** Dr. Repair Soothing Elixir  
닥터리퍼어 수딩 엘릭서

This is a post-procedure care cream which helps revitalizing and moisturizing of the skin and protects the skin from any external stimuli

**Usage :** Post-procedure care cream (revitalizing cream)  
**Main Ingredient :** Palmitoyl Tripeptide-5, Hexapeptide-10, CentellaAsiatica  
**Content :** 30ml / 1.01fl.oz  
**Directions for use :** Use after semi-permanent or MTS procedure. Use in the morning and night to keep the skin moisturized.

**08** Practice Skin Sheet  
국산 무지 연습판 (A4 사이즈)

This is a premium quality microblading practice skin made in Korea. Unlike other low priced skins in the market, our microblading practice skin features bigger size and soft touch like the human skin

**Usage :** Used to practice Semi-Permanent make up  
**Size :** 210 x 297 (mm)  
**Thickness :**  
**Directions for use :** Semi-Permanent makeup on the skin in the same way as done on real skin.
