PORE PURIFYING

## MAGNETIC SCRUB

5ml x 10ea / Cleaner 2ea / Disposable sticker x 10ea

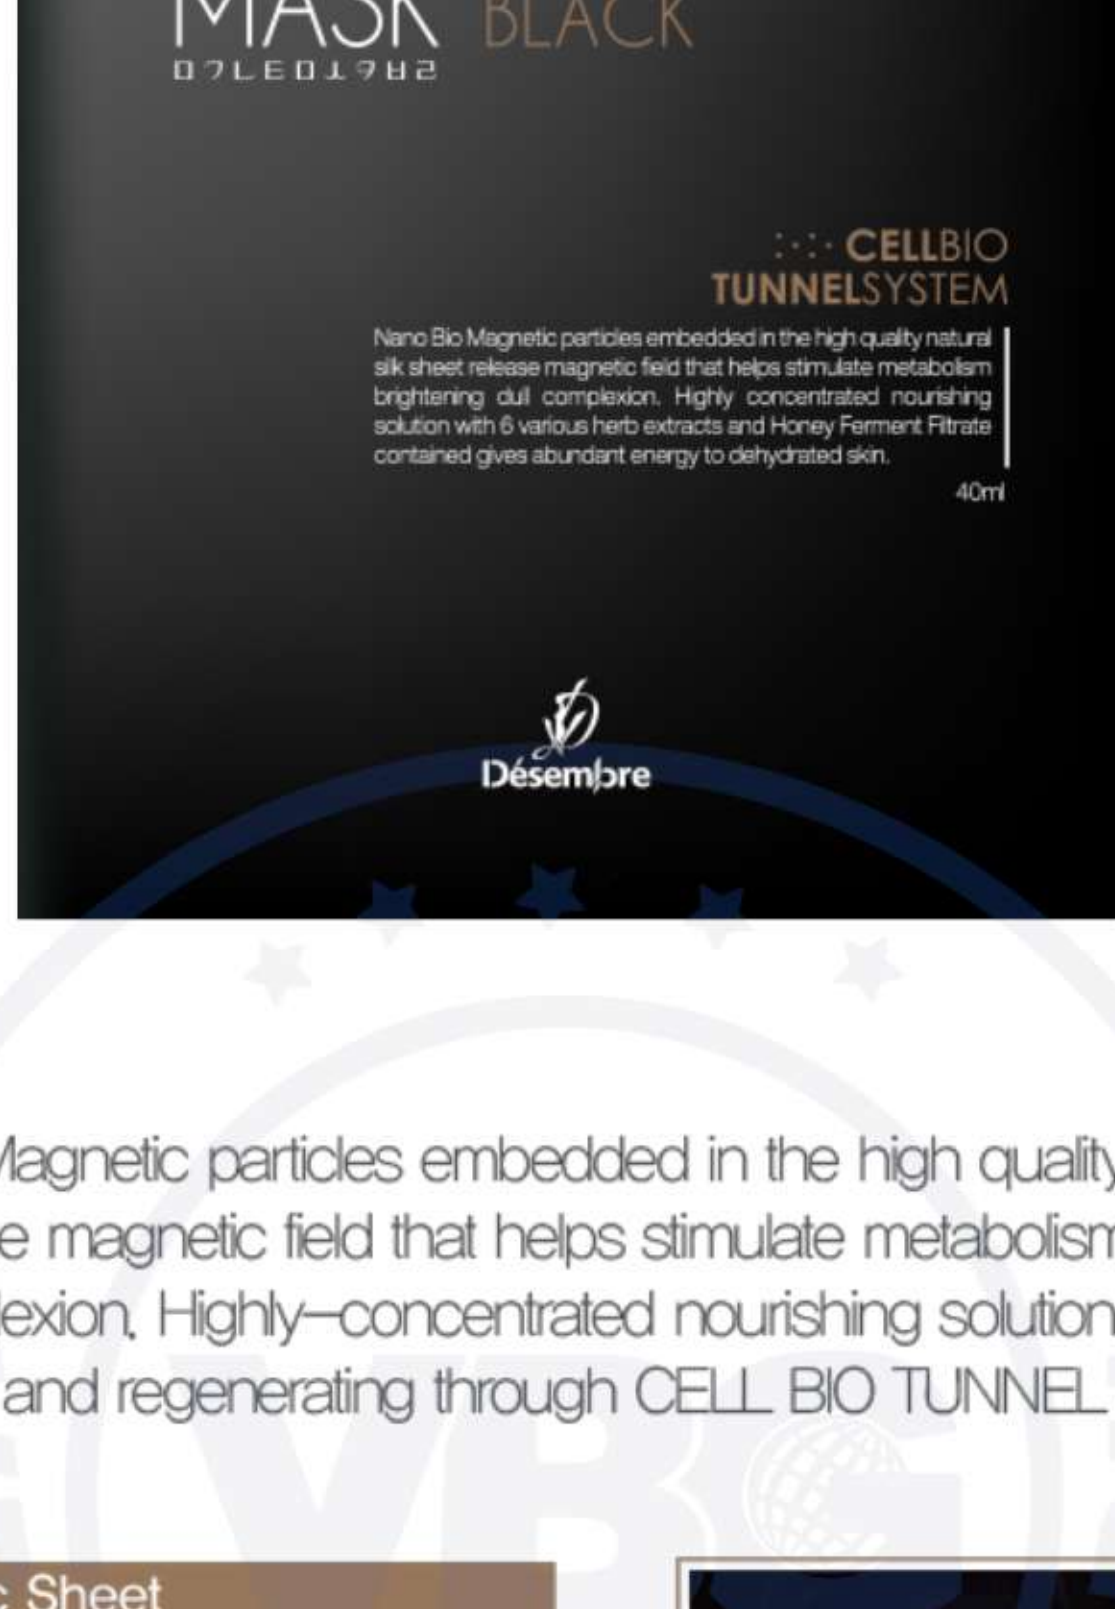

The particles of natural iron oxide magnet is well shaped octahedrons and so close-packed that is suitable optically for purifying impurities and fine dust in pores and for removing dead cell without irritation.

BLOOD CIRCULATION AND METABOLISM STIMULATING

## MAGNETIC MASK BLACK

35ml x 10ea

Nano Bio Magnetic particles embedded in the high quality natural silk sheet release magnetic field that helps stimulate metabolism brightening dull complexion. Highly-concentrated nourishing solution increases elasticity and regenerating through CELL BIO TUNNEL SYSTEM.

### Magnetic Sheet

A. Biological conduction of electro-magnetic radiation that accelerates blood circulation and purifies microcirculation condition strengthens the force of carrying oxygen in red blood cell, removing free radical which reduces cell energy.

B. Systemic mask carrying quality nutrients and simultaneously releasing toxin through thousands of cell bio tunnel helps make skin even more attractive, healthier and smoother, keeping skin barrier healthy.

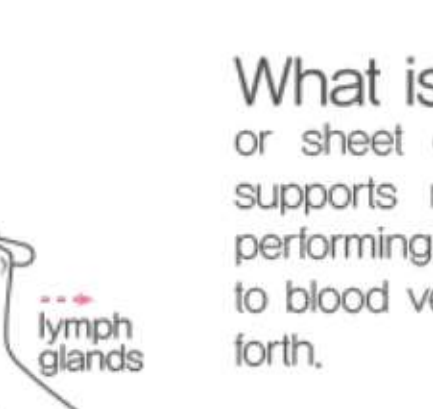

A. Biological conduction of electromagnetic radiation

B. Biologically conductive film (high quality firming sheet of natural silk)

FIRMING AND REGENERATING

## BELL THERAPY

Bella cup 2ea

Bell Therapy with a visible lifting effect and a firming effect through fascia-touching of air pressure, (Fascia Care) It is referred to a manual technique which encourages muscles to move themselves while pulling muscular tissue. This is an innovative therapy stimulating lymph or blood that acts spontaneously in the body by pulling out fascia.

**What is fascia?** A fascia wrapping muscle is a band or sheet of fibrous connective tissue that protects and supports muscular tissues. This is an important tissue performing constantly feedback from central nervous system to blood vessels, fat cells and sensory receptors back and forth.

BRIGHTENING AND FIRMNESS IMPROVEMENT

## MAGNETIC MODELING

35g x 10ea

Modeling mask containing black magnetic, alginate, and charcoal at an ideal ratio makes skin firm and bright.

Clinical Test Result Report  
KIDS-AGD048-JHK  
KIDS-AGC039-JHK

**A Clinical Study for the Effects of 「MAGNETIC SCRUB」 on the Improvement of Fine Dust Cleansing and the immediate Improvement of skin tone.**

**1. Evaluation of fine dust cleansing**

The evaluation results of the fine dust cleansing improvement using the Video Microscope and the Image Analyzing Program Fine dust residue on skin was decreased 98.72% immediately after the test material application in comparison with immediately after the fine dust mixture application

<sup>\*)</sup>Subjects' abnormal skin responses were not detected during the trial period.

Variety of Fine Dust Volume

Improvement rate of Fine Dust Cleansing

**2. Evaluation of the immediate improvement of skin tone**

The evaluation results of immediate skin tone improvement using the SkinColor Catch and the JANUS-1 The L\* value indicating skin brightness was increased 1.48% immediately after the test materials application in comparison with the pre-application

<sup>\*)</sup>Subjects' abnormal skin responses were not detected during the trial period.

Variety of Skin brightness

Improvement rate of Skin brightness

Information of the subjects: 20 volunteers, Korean women aged from 24 to 53.  
The first application effect. (The improvement of Fine Dust Cleansing and the immediate improvement of skin tone)

**Photo materials of Human body test**

**1. Photograph analysis of the improvement of fine dust cleansing using the Video Microscope and the Image Analyzing Program**

**2. Photograph analysis of instant skin tone**

Total time - 50mins

## Magnetic Therapy procedure

- 1/ CLEANSING**

1. Gently clean skin without irritation.  
2. After rebalancing with toner, check skin type
- 2/ DEEP CLEANSING**

1. Apply appropriate amount over the face with a brush and gently massage in a circle movement for 1 minute depending on skin type.  
- Using Bella Cleaner with the enclosed disposable sticker and carefully remove particles of magnet, keeping about 0.5cm distance away from the surface of the skin.  
2. Finish with warm, wet towel clearly.
- 3/ 1ST MASK**

1. Take out the magnetic-mask and after putting it on the face, remove the protective film.  
2. Leave the mask for 10-15 minutes to work out and remove it off.
- 4/ BELL THERAPY**

1. Apply generous amount of solution over the face.  
- Using Bella cups, massage on chin, cheek and forehead in order for 3~5 minutes.  
2. After applying the extra solution again, finish with a hand massage.
- 5/ 2nd MASK**

1. Mix the powder (35g) and water (40ml) and apply all over the face.  
Remove it after 10~15 minutes later.  
2. Finish with cold, wet towel.
- 6/ FINISH**

1. Finish with Eye filler → Serum → Cream
